# *Index of Subjects*

*Asterisk (*) Indicates That the Article Appeared in Volume I, Which Consists of Only One Issue (October 1940, No. 1)*

## A

Abortion in Ewes, Experimental Work upon Recent Outbreaks of, 50.
Abscesses Affecting the Central Nervous System of Sheep, 356.
Agglutination Test for Its Diagnosis, and a Report on a Study of Arthritis in Swine, Swine Erysipelas, The, 74.
*Alveolar Air of the Domestic Animals, A Study of the Composition of the, 78.
Anaplasmosis by Dermacentor Andersoni Stiles, The Hereditary Transmission of, 165.
Anaplasmosis by the Horsefly, Tabanus Sulcifrons (Macquart), Mechanical Transmission of Bovine, 323.
Anatomic Changes in the Bovine Uterus During Pregnancy, 411.
Anemia and Hog-Cholera Immunity, Pig, 354.
*Anemia, A Note on Immunologic Reactions Associated with Equine Infectious, 63.
Anemia, Studies on Immunization in Equine Infectious, 344.
Anthelmintics, Methods of Evaluating the Efficacy of, 55.
Antigen for the Whole-Blood Test, Standardization of Stained Brucella Abortus, 46.
Antirabic Vaccines, Laboratory Tests of the Potency of, 84.
Aortic Branchings, The Autonomic Innervation of the Female Genitalia in the Domestic Fowl and Its Correlation with the, 447.
Aortic Regurgitation and Probable Heart Block in a Dog, Congenital Defect of the Interventricular Septum, 91.
Arteriosclerosis in Cattle Associated with Pulmonary Ossification, 400.
Arthritis in Swine, Swine Erysipelas, The Agglutination Test for Its Diagnosis, and a Report on a Study of, 74.
*Ascorbic Acid of the Goat, Tissue, 44.

## B

"Biological Abstracts," A New Service of, 435.
Blood Chemistry of the Fox, Preliminary Studies on the, 193.
Blood Concentrations, The Chemotherapy of Infectious Coryza with Sulfathiazole: Correlation Between Feeding Levels and, 443.
Blood, Data and Bibliography on Some Nitrogenous Constituents of Normal Dog's, 196.
Blood Picture of Cows in Health and During Infection with Brucella Abortus, The Effect of Parturition on the, 394.
Blood Test, Standardization of Stained Brucella Abortus Antigen for the Whole-, 46.
Blood, The Determination and Clinical Correlation of Variations in the Calcium, Inorganic Phosphorus, and Serum Proteins of Horse, 227.
Bovine Mastitis, A Preliminary Report on the Effect of Colloidal Silver Oxide on, 141.
Bovine Mastitis, Iodized Mineral Oil as a Treatment for, 407.
Bovine Mastitis, The Use of Gramicidin and Other Agents for the Elimination of the Chronic Form of, 305.
*Bovine Type of Tuberculosis in Sheep, 23.
Brucella Abortus Antigen for the Whole-Blood Test, Standardization of Stained, 46.
Brucella Abortus, Bacterial Dissociation in, 181.
Brucella Abortus Infection to the Vitamin A Content of Fetal Livers, The Relation of, 390.
Brucella Abortus in Living Chick Embryos, Results Obtained by Long-Continued Cultivation of, 178.
Brucella Abortus, The Effect of Parturition on the Blood Picture of Cows in Health and During Infection with, 394.
*Brucella Abortus Vaccine in Various Excipients, The Behavior of, 3.
Brucella, The Rôle of One Species of Cockroach and Several Species of Flies in the Dissemination of, 371.
*Brucellosis to Periodic Ophthalmia in Equidae, The Relation of, 54.

## C

Canary, Successful Chemotherapy of a Virus Disease of the, 101.
Calcium, Inorganic Phosphorus, and Serum Proteins of Horse Blood, The Determination and Clinical Correlation of Variations in the, 227.
Chemical Test, Pregnancy Diagnosis in Swine by a, 436.
Chemotherapy of a Virus Disease of the Canary, Successful, 101.
Chick Embryos, Results Obtained by Long-Continued Cultivation of Brucella Abortus in Living, 178.
Chick Embryos to Gonadogen, The Response of the Gonads of, 281.
Cholera Immunity, Pig Anemia and Hog-, 354.
*Coccidiosis in Lambs in Nebraska Feedlots, The Source and Availability of Infective Oöcysts in an Outbreak of, 27.
Coccus upon the Activity of Mastitis Streptococci in Milk, The Influence of an Udder, 317.
Cockroach and Several Species of Flies in the Dissemination of Brucella, The Rôle of One Species of, 371.
Colloidal Silver Oxide on Bovine Mastitis, A Preliminary Report on the Effect of, 141.
Color Photography and Its Application to Veterinary Medicine, 126.
Connective Tissue Tumors of Horses and Mules, 427.
Coryza with Sulfathiazole: Correlation Between Feeding Levels and Blood Concentrations, The Chemotherapy of Infectious, 433.
(Crenosoma) in Foxes, Newer Aspects of the Lungworm, 352.

M161912

## D

Dairy Cows, the pH of Vaginal Mucus of Normal and Sterile, 167.
Deer Parasite for California, A New Record of a, 199.
Dermacentor Andersoni Stiles, The Hereditary Transmission of Anaplasmosis by, 165.
*Diet upon Internal Parasites of Horses, Preliminary Studies on the Effect of, 58.
*Disinfectants in Destroying Mastitis Streptococci, The Efficiency of Soaps and Other, 18.
Disinfectants in Killing Erysipelothrix Rhusiopathiae, The Relative Efficiencies of, 77.
Disinfection of Teat Cups, The Bacterial Flora and, 297.
Dissociation in Brucella Abortus, Bacterial, 181.

## E

Encephalomyelitis. I. Antigenic Properties of Pigeon-Brain-Tissue Vaccine, Studies on Equine, 430.
Encephalomyelitis, Studies on Equine, 221.
Encephalomyelitis Virus and Vaccine: Antigenicity and Preservation, Studies of Chick-Embryo-Propagated Equine, 218.
Enteritis in Sheep Caused by Infection with the Protozoan Parasite, Globidium Gilruthi, 174.
Equine Encephalomyelitis. I. Antigenic Properties of Pigeon-Brain-Tissue Vaccine, Studies on, 430.
Equine Encephalomyelitis, Studies on, 221.
Equine Encephalomyelitis Virus and Vaccine: Antigenicity and Preservation, Studies of Chick-Embryo-Propagated, 218.
Equine Infectious Anemia, Studies on Immunization in, 344.
Erysipelas in Turkeys, Swine, 202.
Erysipelas, The Agglutination Test for Its Diagnosis, and a Report on a Study of Arthritis in Swine, Swine, 74.
Erysipelothrix Rhusiopathiae, The Cultural and Biochemic Properties of, 5.
Erysipelothrix Rhusiopathiae, The Relative Efficiencies of Disinfectants in Killing, 77.
*Esophagus and Oral Cavity of the Chicken, A Nonspecific Lesion of the, 78.

## F

Fasciola Gigantica, in Cattle, Observations on the Longevity of the Liver Fluke, 417.
Feces, A Comparison of Flotation Solutions in the Detection of Parasite Ova in, 95.
Fertility in Swine, Some Factors Affecting, 439.
Fetal Livers, The Relation of Brucella Abortus Infection to the Vitamin A Content of, 390.
Flies in the Dissemination of Brucella, The Rôle of One Species of Cockroach and Several Species of, 371.
Flotation Solutions in the Detection of Parasite Ova in Feces, A Comparison of, 95.
Fluke, Fasciola Gigantica, in Cattle, Observations on the Longevity of the Liver, 417.
Fowl Leucosis Through Chick Embryos and Young Chicks, Transmission of, 272.
Fowl-Pox Virus in Vitro, Studies on Certain Filtrable Viruses. III. Longevity of Chorioallantoic and Comb-Tissue, 190.
Foxes, Newer Aspects of the Lungworm (Crenosoma) in, 352.
Fox, Preliminary Studies on the Blood Chemistry of the, 193.

## G

Genitalia in the Domestic Fowl and Its Correlation with the Aortic Branchings, The Autonomic Innervation of the Female, 447.
Globidium Gilruthi, Enteritis in Sheep Caused by Infection with the Protozoan Parasite, 174.
Gonadogen, The Response of the Gonads of Chick Embryos to, 281.
Gonads of Chick Embryos to Gonadogen, The Response of the, 281.
Gramicidin and Other Agents for the Elimination of the Chronic Form of Bovine Mastitis, The Use of, 305.
Grass Tetany in Cattle, 41.

## H

Heart Block in a Dog, Congenital Defect of the Interventricular Septum, Aortic Regurgitation and Probable, 91.
Hexamita Meleagridis, Carriers of, 453.
Histomoniasis and Trichomoniasis in Turkeys, Macroscopic Differentiation of Lesions of, 214.
Hog-Cholera Immunity, Pig Anemia and, 354.
Horsefly, Tabanus Sulcifrons (Macquart), Mechanical Transmission of Bovine Anaplasmosis by the, 323.

## I

*Immunologic Reactions Associated with Equine Infectious Anemia, A Note on, 63.
Innervation of the Female Genitalia in the Domestic Fowl and Its Correlation with the Aortic Branchings, The Autonomic, 447.
Instrument for Mincing Tissue, A Simple, 295.
Interventricular Septum, Aortic Regurgitation and Probable Heart Block in a Dog, Congental Defect of the, 91.
Iodized Mineral Oil as a Treatment for Bovine Mastitis, 407.
Iritis of Fowls, Transmission Experiments with, 292.

## K

Ketosis in the Ruminant, The Physiologic Basis of Therapy for, 327.
Kidney Damage upon the Nitrogenous Constituents of Dog's Blood and upon the Specific Gravity of the Urine, The Effects of, 349.
Kidney in Vitamin A Deficiency, The Pathology of the Bovine, 319.

## L

*Lesion of the Esophagus and Oral Cavity of the Chicken, A Nonspecific, 78.
Leucosis Through Chick Embryos and Young Chicks, Transmission of Fowl, 272.

(Listerella) from the Chicken, Isolation of Listeria, 279.
Listeria (Listerella) from the Chicken, Isolation of, 279.
Liver Fluke, Fasciola Gigantica, in Cattle, Observations on the Longevity of the, 417.
Liver Fluke of Cattle in the Hawaiian Islands, Studies on Control of the, 152.
Livers, The Relation of Brucella Abortus Infection to the Vitamin A Content of Fetal, 390.
Livestock Production, Research in Nutrition: Its Contribution to, 131.
Lungworm (Crenosoma) in Foxes, Newer Aspects of the, 352.

## M

*Macroscopic Plate Test, Identification of Salmonella Pullorum Colonies with Immune Serum by Means of a, 76.
"Mad Itch," An Outbreak of Bovine Pseudorabies, or, 35.
*Malate Media, A Note Concerning the Influence of Zinc on the Growth of Tubercle Bacilli on, 25.
Mastitis and on Streptococcus Agalactiae Udder Infection, Effect of Novoxil Liquid on Catarrhal (Chronic), 145.
Mastitis, A Preliminary Report on the Effect of Colloidal Silver Oxide on Bovine, 141.
Mastitis, Iodized Mineral Oil as a Treatment for Bovine, 407.
Mastitis. Mastitis in Heifers, Studies on Bovine, 18.
Mastitis, Microscopic Detection of, 11.
Mastitis Streptococci, Efficiency of the Microscopic Examination of Incubated Milk Samples for the Detection of, 313.
Mastitis Streptococci in Milk, The Influence of an Udder Coccus upon the Activity of, 317.
*Mastitis Streptococci, The Efficiency of Soaps and Other Disinfectants in Destroying, 18.
Mastitis, The Use of Gramicidin and Other Agents for the Elimination of the Chronic Form of Bovine, 305.
Mastitis, The Use of Trypaflavin in the Infusion Therapy for Streptococcic, 117.
Melanomas of Horses and Mules, Malignant, 340.
Microscopic Examination of Incubated Milk Samples for the Detection of Mastitis Streptococci, Efficiency of the, 313.
Milk Samples for the Detection of Mastitis Streptococci, Efficiency of the Microscopic Examination of Incubated, 313.
Milk, The Influence of an Udder Coccus upon the Activity of Mastitis Streptococci in, 317.
Mincing Tissue, A Simple Instrument for, 295.
Mineral Oil as a Treatment for Bovine Mastitis, Iodized, 407.

## N

*Nephritis in Horses, Some Observations on, 49.
Nitrogenous Constituents of Normal Dog's Blood, Data and Bibliography on Some, 196.
Nomenclature (for Fowl Leucemia etc.), Tentative Pathologic, 116.
*Nonspecific Lesion of the Esophagus and Oral Cavity of the Chicken, A, 78.
Novoxil Liquid on Catarrhal (Chronic) Mastitis and on Streptococcus Agalactiae Udder Infection, Effect of, 145.
Nutrition: Its Contribution to Livestock Production, Research in, 131.

## O

Oestrus Ovis, in New Mexico and Texas, Further Observations on the Life Cycle and Incidence of the Sheep Bot, 358.
*Oöcysts in an Outbreak of Coccidiosis in Lambs in Nebraska Feedlots, The Source and Availability of Infective, 27.
Ossification, Arteriosclerosis in Cattle Associated with Pulmonary, 400.
Ova in Feces, A Comparison of Flotation Solutions in the Detection of Parasite, 95.

## P

Parasite for California, A New Record of a Deer, 199.
Parasite Ova in Feces, A Comparison of Flotation Solutions in the Detection of, 95.
*Parasites of Horses, Preliminary Studies on the Effect of Diet upon Internal, 58.
Paratyphoid Infection of Turkeys, 285.
Parturition on the Blood Picture of Cows in Health and During Infection with Brucella Abortus, The Effect of, 394.
Pathologic Nomenclature (for Fowl Leucemia etc.), Tentative, 116.
Pathology of So-Called Pullet Disease, The, 261.
*Periodic Ophthalmia in Equidae, The Relation of Brucellosis to, 54.
*Periodic Ophthalmia, Report on the Relationship of Thyroid Activity to, 52.
pH of Vaginal Mucus of Normal and Sterile Dairy Cows, The, 167.
Phosphorus, and Serum Proteins of Horse Blood, The Determination and Clinical Correlation of Variations in the Calcium, Inorganic, 227.
Photography and Its Application to Veterinary Medicine, Color, 126.
Pigeon-Brain-Tissue Vaccine, Studies on Equine Encephalomyelitis. I. Antigenic Properties of, 430.
Poultry Production, What Research Has Accomplished in Modern, 259.
Pox in Swine, 136.
Pregnancy, Anatomic Changes in the Bovine Uterus During, 411.
Pregnancy Diagnosis in Swine by a Chemical Test, 436.
Proteins of Horse Blood, The Determination and Clinical Correlation of Variations in the Calcium, Inorganic Phosphorus, and Serum, 227.
Pseudorabies, or "Mad Itch," An Outbreak of Bovine, 35.
Pullet Disease, The Pathology of So-Called, 261.
Pulmonary Ossification, Arteriosclerosis in Cattle Associated with, 400.

## R

*Renal Circulation of Domestic Animals, The, 89.
Research Has Accomplished in Modern Poultry Production, What, 259.
Research to the American People, Contributions of Veterinary, 3.

## S

*Salmonella Pullorum Colonies with Immune Serum by Means of a Macroscopic Plate Test, Identification of, 76.
Semen Studies in the Bull, 419.
Serum Proteins of Horse Blood, The Determination and Clinical Correlation of Variations in the Calcium, Inorganic Phosphorus, and, 227.
Sheep Bot, Oestrus Ovis, in New Mexico and Texas, Further Observations on the Life Cycle and Incidence of the, 358.
*Soaps and Other Disinfectants in Destroying Mastitis Streptococci, The Efficiency of, 18.
*Spirocerca Lupi (= S. Sanguinolenta), the Esophageal Worm of the Dog, A Review of the Life History of, 73.
Streptococci, Efficiency of the Microscopic Examination of Incubated Milk Samples for the Detection of Mastitis, 313.
Streptococci in Milk, The Influence of an Udder Coccus upon the Activity of Mastitis, 317.
*Streptococci, The Efficiency of Soaps and Other Disinfectants in Destroying Mastitis, 18.
Streptococcus Agalactiae Udder Infection, Effect of Novoxil Liquid on Catarrhal (Chronic) Mastitis and on, 145.
Sulfapyridine in Cattle: A Contribution to Its Pharmacology, 333.
Sulfathiazole: Correlation Between Feeding Levels and Blood Concentrations, The Chemotherapy of Infectious Coryza with, 443.
Swine Erysipelas in Turkeys, 202.
Swine Erysipelas, The Agglutination Test for Its Diagnosis, and a Report on a Study of Arthritis in Swine, 74.

## T

Tabanus Sulcifrons (Macquart), Mechanical Transmission of Bovine Anaplasmosis by the Horsefly, 323.
Tapeworms, Use of Tin Preparations for the Treatment of Chickens Experimentally Infected with, 108.
Teat Cups, The Bacterial Flora and Disinfection of, 297.
Tetany in Cattle, Grass, 41.
*Thyroid Activity to Periodic Ophthalmia, Report on the Relationship of, 52.
*Thyroid of the Normal Dog, Part II, Growth Changes in the, 66.
*Thysanosoma Actinioides, Studies on, Part II, 36.
Tin Preparations for the Treatment of Chickens Experimentally Infected with Tapeworms, Use of, 108.
*Tissue Ascorbic Acid of the Goat, 44.
Tissue, A Simple Instrument for Mincing, 295.
Trichomoniasis in Turkeys, Macroscopic Differentiation of Lesions of Histomoniasis and, 214.
Trypaflavin in the Infusion Therapy for Streptococcic Mastitis, The Use of, 117.
*Tubercle Bacilli on Malate Media, A Note Concerning the Influence of Zinc on the Growth of, 25.
*Tuberculosis in Sheep, Bovine Type of, 23.
Tumors of Horses and Mules, Connective Tissue, 427.

## U

Udder Coccus upon the Activity of Mastitis Streptococci in Milk, The Influence of an, 317.
Uterus During Pregnancy, Anatomic Changes in the Bovine, 411.

## V

Vaccine: Antigenicity and Preservation, Studies of Chick-Embryo-Propagated Equine Encephalomyelitis Virus and, 218.
*Vaccine in Various Excipients, The Behavior of Brucella Abortus, 3.
Vaccine, Studies on Equine Encephalomyelitis. I. Antigenic Properties of Pigeon-Brain-Tissue, 430.
Vaccines, Laboratory Tests of the Potency of Antirabic, 84.
Vaginal Mucus of Normal and Sterile Dairy Cows, the pH of, 167.
Vibrio Fetus to Carry over in Ewes, Failure of Natural, 367.
Virus and Vaccine: Antigenicity and Preservation, Studies of Chick-Embryo-Propagated Equine Encephalomyelitis, 218.
Virus Disease of the Canary, Successful Chemotherapy of a, 101.
Viruses. II. Longevity of Chorioallantoic and Comb-Tissue Fowl-Pox Virus in Vitro, Studies on Certain Filtrable, 190.
Virus in Vitro, Studies on Certain Filtrable Viruses. III. Longevity of Chorioallantoic and Comb-Tissue Fowl-Pox, 190.
Vitamin A Content of Fetal Livers, The Relation of Brucella Abortus Infection to the, 390.
Vitamin A Deficiencies in Ruminants, 373.
Vitamin A Deficiency in Horses, 60.
Vitamin A Deficiency, The Pathology of the Bovine Kidney in, 319.

## W

*Worm of the Dog, A Review of the Life History of Spirocerca Lupi (= S. Sanguinolenta), the Esophageal, 73.

## Z

*Zinc on the Growth of Tubercle Bacilli on Malate Media, A Note Concerning the Influence of, 25.
